Sixth International Marine Debris Conference

Session Title

The title of your proposed session goes here. Your session should be descriptive, simple, and brief (15 word limit).

General Topic

Choose a topic from the options list below that best fits your proposed session. If “other,” explain in the expanded summary section.

Primary Topic:

Secondary Topic (if applicable):

One Sentence Summary

Identify the audience and summarize key points to be addressed. This should be no longer than one sentence.

Potential Speakers

Please include the names and affiliations (e.g., agency or organization name) for three potential speakers for this proposed session.

Experiential Learning (if applicable)

Please identify any field learning opportunities in San Diego, California, USA during the conference.

Sixth International Marine Debris Conference

Expanded Summary

This should include pertinent background information on the chosen topic, a description of what will be discussed and shared during the session, and any information on how this session will benefit the conference (500 word limit). NOTE: Proposal submission language should be English. However, proposals for sessions in other languages will be considered.
